The University of Wisconsin School of Medicine and Public Health fully complies with the legal requirements of the ADA and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please notify Terese Bailey in order to receive service. Please call 608/240-2141.*

## Learning Objectives

At the conclusion of this activity, participants should be able to:

- Accurately assess issues related to the use of generic versus branded drugs
- Formulate approaches to dealing with metabolic and reproductive issues associated with bipolar disorder
- Efficiently utilize the computer in clinical practice
- Summarize the interrelationship between diabetes and mood disorders
- Identify appropriate ways to incorporate newer antipsychotic medications into clinical practice
- Apply evidence-based strategies to treat childhood mood and anxiety disorders
- Master issues involving inflammation and its interaction with mood disorders
- Identify the latest developments in psychiatric pharmacogenetics
- Manage premenstrual and perimenopausal psychiatric disorders

## Visiting Faculty

## Credit

**Accreditation Statement** This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Wisconsin School of Medicine and Public Health and the Madison Institute of Medicine, Inc. The University of Wisconsin School of Medicine and Public Health is accredited by the ACCME to provide continuing medical education for physicians.

**Credit Designation Statement** The University of Wisconsin School of Medicine and Public Health designates this educational activity for a maximum of 9 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**Continuing Education Units** The University of Wisconsin-Madison, as a member of the University Continuing Education Association (UCEA), authorizes this program for .9 continuing education units (CEUs) or 9 hours.

**Need Statement** This conference is being held in response to mental health professionals' previous conference evaluations and the need for ongoing continuing medical education for clinicians in the area of psychiatry.

**Target Audience & Scope of Practice** This activity has been designed to meet the needs of clinicians and other health care professionals who are looking to enhance their knowledge and skills for the care of their patients with mental health issues.

**Elements of Competence** This CME activity has been designed to change learner competency and focuses on the American Board of Medical Specialties areas of medical knowledge and patient care.

**Policy on Faculty and Sponsor Disclosure** It is the policy of the University of Wisconsin School of Medicine and Public Health that the faculty, authors, planners, and other persons who may influence content of this CME activity disclose all relevant financial relationships with commercial interests in order to allow CME staff to identify and resolve any potential conflicts of interest. Faculty must also disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the activity handout materials.
